

The Task Force Behind Enterprise Hub Fife

The key ambition of Enterprise Hub Fife is to create a dynamic approach to inspire entrepreneurs and enterprising businesses in the local economy.

Enterprise Hub Fife is borne out of the strategy developed by the Fife Taskforce, established following the closure of Tullis Russell and including representatives from key public and private economic agencies.

Enterprise Hub Fife is designed to be a home for enterprising individuals, start-ups with growth aspirations as well as providing modern, professional meeting and events space for growing businesses.

Enterprise Hub Fife will also strengthen existing services delivered under the auspice of the Fife Economy Partnership and its key business partners, enabling greater support from early stage concepts through to aftercare and allowing wider accessibility to other support networks.

We know flexibility is critical for aspiring businesses and the Enterprise Hub Fife is designed to facilitate flexible leases and daily business use.
